Welcome to our 2022 Product Brochure. We are excited to bring you a wide range of beautifully designed and sustainably made products. This year we are introducing a great deal of new product as we have had so much fun creating and collaborating together, after working from home for so long!

Along with our line extensions, year-round and Christmas gifting we are introducing new lines, Repair the Air and Repair and Care. Packaged in glass bottles and using botanically active essential oils, this line is tailored to our new-found commitment of looking after ourselves at home. It also allows us to usher in a variety of new product types to our offering. We also introduce

Love Lavas from the Planet Venus, a range of bath soaks on trend for a younger audience. And finally, it's not just about people as we are introducing a fur-bulous new pet line.

Throughout the pandemic we have been busy establishing our new sister company, The Ministry of Soap. We manufacture this entire range in-house and to the very highest of environmental standards. The Ministry of Soap uses RSPO certified 'segregated' sustainable palm oil 100% traceable from locations where endangered species such as orangutans are not at threat. Our continued push to achieve the highest degree of sustainability does not stop at The Ministry of Soap, however. Throughout 2022

we will be changing all The Somerset Toiletry Co. soaps to RSPO certified 'segregated' palm oil, further reducing our carbon footprint. Our sustainable efforts also extend to our packaging as we have been removing plastic from our gift packs and reducing cardboard wherever possible. Throughout 2022 we will be changing our Naturally European products to 50% recycled and AAA to 30% recycled plastic bottles.

On behalf of all the team, we thank you for taking the time to get to know our company. We would be thrilled if you devoted some of your precious shelf space to our products. To our returning customers we thank you for continuing to choose us. It's delightful to see you in 2022!

Naturally European

Inspired by Iuscious European landscapes, Naturally European offers a complete range of luxurious body care and home fragrance. These beautiful gifts provide nourishment and protection to all skin types.
