# Infused with sunshine and happy vibes

Sunshine Served is inspired by the idyllic and vibrant Cottage Core trend and the Japanese art of Kintsugi which celebrates the beauty of imperfections by mending broken ceramics with gold. The result feels more beautiful and celebrates new beginnings.

Imagine a picnic in a flower filled meadow, where blue and white china lovingly mended with fine gold lines catch the light to create something more unique, more beautiful, and resilient.

A feel-good blend of Neroli, Mandarin and Lemon essential oils entwined with a burst of fresh lime, white blossoms, precious woods, sweet amber, and rich musk. Powerful and delicate, heady, and refreshing.

# Energising, inspiring, calming

Created to relax and revive like a walk by the sea. Inspired by the sea, the bracing sea air and the open horizon. This collection captures that energy and calm.

In a more eco-considerate approach to packaging, bottles and tubes are made of sustainably sourced sugarcane with low carbon footprint and are 100% recyclable.

The sugarcane we use is from sustainable land thousands of miles from the Amazon rainforest and its cultivation helps recover degraded pasture land for future use with food crops.

WILLIAM MORRIS GALLERY

The beliefs of William Morris to make useful and beautiful products, his uplifting thoughtful art to create coordinating designs that seamlessly sit within the home runs throughout William Morris At Home.

WILLIAM MORRIS GALLERY is the only public museum in the world dedicated to the inspiring Victorian designer. With artworks and personal objects relating to William Morris, based in his childhood home in Walthamstow, many designs have been used in William Morris at Home.

# Our Collaboration with the William Morris Gallery

William Morris at Home is a genuine and authentic Morris brand, in partnership with the William Morris Gallery - the custodians of Morris's legacy. Uniquely, the William Morris Gallery is a not-for profit organisation.

William Morris was a keen collaborator, working with friends and family to produce beautiful designs. It was important for William Morris at Home to partner with a genuine public museum, with charitable aims in line with Morris's own principles. The brand will be an important source of funds for the Museum and will help to bring the life and work of William Morris to future generations, as well as enabling the Museum to carry out charitable art activities which enrich lives.

## Beautiful Design - Our Promise

William Morris at Home will create curated, go-to William Morris collections, all under one authentic brand. Beautiful and useful products which are well-designed, vegan and sustainable.

"We are only the trustees for those who come after us."

William Morris

## Sustainability

William Morris was as concerned with the materials and production behind his creations as he was with their beauty and usefulness. He cared deeply about the environment. We are working hard to honour his beliefs.

We use only post-consumer recycled plastic, recyclable glass bottles, recyclable aluminium tubes, eco-Kraft paper tubes, these use 33% less plastic and vegan leather.

FSC certified packaging printed with sustainable soy and plant-based inks and RSPO certified ingredients. From Spring 2022 organic cotton and materials made from recycled plastic bottles join the list.

We design and develop so you can reuse and recycle. We hope our eco-programme helps you to feel good about your buying decision and its positive impact on the environment as we continue to research and work on ways to further improve our sustainability.

A woman with long, dark, wavy hair styled in a braid sits on a blue and white striped sofa. She is wearing a grey top and a dark floral scrunchie in her hair. A grey and white dog with a beard is sitting next to her, looking out a window. The dog is wearing a dark blue floral patterned scarf. The window shows a view of green foliage and a fence. The scene is brightly lit, suggesting daytime.

“Animals are such agreeable friends. They ask no questions, they pass no criticisms”

George Eliot

## PATCHOULI

An oil well known for its anti-aging and skin cell regenerating properties. Allowing the skin to feel soft and hydrated and soothe inflammation.

## AVOCADO OIL

Derived from the avocado fruit, this oil is packed full of vitamins and nutrients that are beneficial to the skin. With the ability to absorb into the skin quickly it not only acts as a great moisturiser but also soothes and protects the skin.

## JOJOBA

A popular ingredient in cosmetics due to its ability to mimic the skin's sebum. It provides an abundance of benefits for the skin from moisturising to conditioning.

## BLACK PEPPER SEED EXTRACT

Black Pepper Seed Extract is considered to have skin conditioning properties carrying a refreshing tonic-like nature.

## REISHI MUSHROOM

The Reishi mushroom is believed to bring skin benefits such as reducing skin inflammation, puffiness, wrinkles and free radical damage, while also promoting cell regeneration. A staple in traditional Chinese medicine, reishi, which translates to "spiritual potency," is known as the herb of immortality.

## CALENDULA MARIGOLD FLOWER OIL

Calendula Marigold Flower Oil helps improve the appearance of dry or damaged skin by reducing flaking and restoring suppleness. It slows the loss of water from the skin by forming a barrier on the skin's surface.

## COCOA SEED BUTTER

Cocoa Seed Butter helps protect injured or exposed skin from irritants; slows the loss of water from the skin by forming a barrier on the skin's surface, helping provide relief.

## COCONUT OIL

Coconut Oil is very popular and often used in product formulations to reduce dryness of the skin, to assist in moisturisation after exposure to the sun and other harsh elements.

## CORNFLOWER FLOWER EXTRACT

## BABASSU OIL

This oil is an excellent skin emollient, especially for oily and dry skin types. It gets easily absorbed by the skin, making it soft and smooth.

## HYALURONIC ACID

What makes hyaluronic acid so special is that it is capable of holding in moisture. Hyaluronic acid also strengthens the outer layers of our skin. A healthy skin barrier feels softer, smoother and fuller and looks younger. Hyaluronic acid also offers protection by releasing antioxidants to prevent damage by free radicals. It also soothes the skin.

## MEADOWFOAM

Meadowfoam Seed Oil is cold pressed from the tiny seeds of Limnanthes alba, which produces an oil with superb anti-oxidant properties and skin softening benefits.

## WILLOW BARK EXTRACT

Willow Bark Extract is used in cosmetics and personal care products for its astringent, anti-inflammatory, soothing and conditioning properties. Willow Bark Extract is perfect for creating a clear, smooth skin and a more youthful-looking aesthetic.

## Frequently Asked Questions

### Q. HOW DO ESSENTIAL OILS WORK?

The molecules are easily dissolved which allows them to penetrate the skin easily and work into the body by mixing with the fatty tissue. Meantime, as the essences evaporate they are inhaled, entering the body via the millions of sensitive cells that line the nasal passages. These send messages straight to the brain, and affect the emotions by working on the limbic system, which also controls the major functions of the body.

### Q. WHAT ARE THE BENEFITS OF VITAMIN E FOR THE SKIN?

Vitamin E is vital in protecting skin cells from ultra violet light, pollution, drugs, and other elements that produce cell-damaging free radicals, as it is an anti-oxidant. Vitamin E helps skin look younger by reducing the appearance of fine lines and wrinkles and helps reduce the appearance of stretch marks. It can also help prevent the appearance of age spots and strengthen the skin's barrier function and helps maintain the skin's oil balance during the cleansing process.

### Q. DO HEATHCOTE & IVORY TEST ON ANIMALS?

Absolutely not. None of the Heathcote & Ivory, RHS, Sara Miller, Morris & Co. or Cath Kidston products are tested on animals, only on us! We make it a rule not to allow any animal derivatives in our products.

### Q. WHAT IS GLYCERIN?

Glycerin is one of the most versatile and valuable substances known to man and has no known negative environmental effects. A water clear, odourless, viscous liquid with a sweet taste; it attracts moisture to the skin and is an ideal ingredient to include in soap.

We have taken every care to ensure that when going to press, all products are presented to you, as they will appear. Slight variations may occur in colours or blends, in price or in appearance, no liability can be accepted for errors or omissions. We reserve the right to make price changes without prior notice. All products are subject to availability.

### Q. WHERE DOES SHEA BUTTER COME FROM?

Shea butter, also known as, 'karite butter', is a cream-coloured fatty substance made from the nuts of karite nut trees that grow in the savannah regions of West and Central Africa. Karite trees, or shea trees, are not cultivated. They grow only in the wild and can take up to 50 years to mature and live up to 300 years.

### Q. WHY USE SHEA BUTTER IN LIP BALM AND HAND CREAM?

Shea butter has moisturising benefits and has been used to help heal burns, sores, scars, dermatitis, psoriasis, dandruff, and stretch marks. It may also help diminish wrinkles by moisturising the skin, promoting cell renewal, and increasing circulation, its soft, butter-like texture melts readily into the skin.

### Q. WHAT ARE ESSENTIAL OILS?

Essential oils are therapeutic-grade oils, distilled from plants, shrubs, flowers, trees, roots, bushes and seeds and are composed of tiny molecules. Essential oils contain the true essence of the plant it was derived from, they are highly concentrated and a little goes a long way.

### Q. WHAT ARE THE BENEFITS?

Essential oils are able to enhance both your physical and psychological well being at the same time. Its distinct chemical composition, which determines its fragrance, colour, volatility and the way in which it affects the system, gives each essential oil its unique set of beneficial properties. For example, the chemical component ester acts as a sedative, a calming agent, an anti-fungal and an anti-inflammatory; esters are found in lavender, chamomile, bergamot and sage.
